## Testimonials FOR C. C. Liniment

San Francisco, September 20, 1889.

THE C. C. LINIMENT Co., S. F.—*Gents*: I have used your C. C. Liniment in my family, and consider it an article of the highest merit. I most cheerfully recommend it as a household remedy.

W. D. GARLAND,

Equitable Life Ins. Co., 405 Montgomery street, S. F.

San Francisco, August 9, 1889.

THE C. C. LINIMENT Co.—*Gents*: After using all other remedies for Rheumatism without effect, my mother was cured by the use of *one* bottle of your C. C. Liniment. It is a truly wonderful medicine. I am very truly yours,

ZENO MAUVAIS, Music Dealer, 769 Market street, S. F.

San Francisco, August 26, 1889.

THE C. C. LINIMENT Co.—*Gents*: The udder of one of my cows became inflamed and badly swollen. I used all ordinary remedies without doing any good. I then applied C. C. Liniment. The inflammation began to subside at once, and in twenty-four hours the cow was entirely well. The C. C. Liniment has my endorsement as a valuable Liniment for dairymen and farmers. Yours truly,

CHAS. ELLIS, Highland Park.

San Francisco, September 20, 1889.

THE C. C. LINIMENT Co.—*Gents*: I cannot sufficiently express my gratitude for the benefits derived from the use of your C. C. Liniment. As a Liniment for animals it certainly has no equal on the market. In one instance it saved a very valuable horse for me that picked up a nail. The animal's leg was swollen to twice its natural size, and it suffered such agonizing pain that it seemed almost impossible to save its life, but the C. C. Liniment gave almost instantaneous relief, and in less than a week the horse was able to work as usual. I also used it for inflamed udder with my cow with the most gratifying success. I heartily recommend it as a valuable remedy for horsemen and dairymen. I would not be without it.

W. HENRY.

San Francisco, September 20, 1889.

THE C. C. LINIMENT Co., S. F.—*Gents*: I have been troubled with soft corns for a great many years, and could find nothing that would help me. I got a bottle of C. C. Liniment, thinking it would afford me some relief. After using it for two weeks the corns came out, roots and all. I can recommend C. C. Liniment as the finest remedy for the cure of corns that I have used.

F. J. LEASE, Manufacturer of the Celebrated "Pansy Adjustable Bustle."

San Francisco, July 3, 1888.

MR. W. H. BONE, 317 Bartlett street, S. F.—*Dear Sir*: I have been troubled with Rheumatism off and on for six years. Have never used anything that has done me so much good as your C. C. Liniment. I felt relief at once after the first application. Before using it I could not stand erect; was bent over so badly that I had to use a cane to assist me in walking; but in less than two days after I commenced using your C. C. Liniment I could stand erect without pain, and now, after using it a week, I get around and do my work without any trouble. I shall recommend it as the most valuable remedy I ever used. I am very truly yours,

MRS. P. J. LAUGHLIN,

No. 604 21st street, bet. Folsom and Harrison.

San Francisco, Cal., July 8, 1888.

W. H. BONE, Esq., No. 317 Bartlett street, S. F.—*My Dear Sir*: About two months ago I dislocated my left ankle, at the same time breaking one of the small bones in my leg; I used several things for a month without receiving much benefit. I then commenced to use your Camphor Chloral Liniment; applying it the first time in the evening the relief from the severe pain was almost instantaneous, and the next morning, for the first time, I could put my foot to the ground. I am improving daily, by its use, and consider it the best Liniment I ever used. I am very truly yours,

D. VERVALIN, Produce and Commission Merchant, 226 Clay street.

If you want to know just how much Mr. Vervalin thinks of the C. C. Liniment go and see him.

**W. H. BONE, General Manager,**

12 Bush Street, San Francisco.

## PREFACE.

---

Since the publication of the last Oakland, Alameda and Berkeley Directory, the present publisher has succeeded to the business of the McKenney Directory Company, of which he was president, Mr. McKenney accepting a position with the Fireman's Fund Insurance Company.

The materials for the present volume have been collected and compiled by experienced men, and the publisher believes the work will give general satisfaction.

The Street Guide has been revised and corrected and a new and valuable map secured for the book from the enterprising real estate firm of E. P. Vandercook & Company.

BETWEEN FRANKLIN AND WEBSTER STREETS

A highly decorative rectangular advertisement for W.C. Mull. The entire ad is framed by a border of small squares, each containing a cross. The central text reads "W.C. MULL" in a large, bold, serif font, arched over a floral wreath. Below this, in a smaller font, is "DESIGNER AND ENGRAVER". The name "ON WOOD" is prominently displayed in a large, stylized font. Below that, the address "527 SACRAMENTO ST. COR'DE LEIDES" is written. In the bottom right corner, a diamond-shaped box contains the text "SAN FRANCISCO CAL". To the left of the central text is a circular inset showing a detailed engraving of a mechanical part, possibly a valve or a piece of machinery. To the right of the central text is a speech bubble containing the following list of services: "PORTRAITS", "LANDSCAPES", "MACHINE", "BUILDING LABELS", "BOOK ILLUSTRATIONS", and "MAPS, ETC.". The background of the ad is filled with intricate floral and scrollwork patterns.

## FIRE DEPARTMENT.

Chief Engineer—James F. Kennedy.

Assistant Engineer—Miles Doody.

Superintendent of Fire Alarm and Police Telegraph—G. H. Carlton.

The Department consists of 5 steam fire engines in service, and 1 relief engine, 6 hose cars, 2 hook and ladder trucks, 21 horses, 7,000 feet of hose, of which 4,800 feet are in actual use, 800 feet on the relief cart, and the balance in storage. In the city there are 221 hydrants and 2 cisterns, one located at Broadway and Eighth streets and the other at Broadway and Thirteenth streets.

The report of the Chief for the year ending June 30, 1889, shows that the Department responded to 104 alarms, 56 of which were "bells" and 48 "stills;" of these 104 alarms, 1 was false, 1 bonfire and 3 outside city limits, leaving a total of 99 fires in the city proper, the estimated loss on which was about \$86,000.

Persons having keys will observe the following rules:—

When it is necessary to use the signal boxes, go to the one nearest to the fire, and put your key into the outside door, open it and pull down the *hook* on the inside once, or until you hear a bell within the box; close the door, and remain to direct the firemen to the locality of the fire. In case the box does not work, go to the next nearest station; you can procure a key at a store or dwelling in the vicinity.

Do not try to take your key out, as it is locked in and will be returned to you.

If, upon opening the door, you hear the bell within the box ring, do not pull the hook for one minute, or until it has stopped ringing, for it will indicate that an alarm is being sent from some other station.

Persons having keys will be held responsible for their use. Do not give an alarm for a fire seen at a distance; do not open the box except in case of fire; do not give an alarm until certain there is a fire.

## THE BOARD OF TRADE.

The Oakland Board of Trade was organized September 10th, 1886. The first President was V. D. Moody, President of the First National Bank, who was succeeded in April, 1888, by F. K. Shattuck; J. M. Davies was the first Secretary.

Like similar organizations in this State, the Board of Trade is in effect a city improvement association, looking to all measures of public interest, extending a knowledge of the advantages of the city and county, and in all suitable ways promoting agricultural, commercial and industrial prosperity.

April 10th, 1888, the Board was regularly incorporated under the laws of the State, and its articles now provide for the usual commercial features of the arbitration and adjustment of differences.

ELLIOTT & COLVILLE, } Medical Batteries Made to Order and Repaired,  
922 BROADWAY, OAKLAND.

In February, 1889, the name was changed to "The Oakland City and Alameda County Board of Trade," to cover the wider purposes of the organization.

This Board is entitled to the credit of inaugurating the movement for the organization of the "California State Board of Trade," which has proved so important an aid to State progress. It has also been instrumental in obtaining for Oakland important terminal facilities not previously enjoyed, in securing a large harbor appropriation, the extension of the boundaries of the city, the adoption of a new Charter, and other advantageous work for the city and county. It is the sole organization in the county in affiliation with the State Board and contributing to the maintenance of that organization.

The membership the past year has included about fifty representative citizens, members of the different branches of trade, professions and industries of the city. The articles of incorporation impose an agreement to be governed by the decision of a majority of the members. The action of the Board has been harmonious, and results have shown the advantage of such unity. The present officers are as follows:

President, Frank J. Moffitt; Vice-President, Chas. D. Pierce; Treasurer, V. D. Moody; Delegate to State Board, J. S. Emery.

Directors—W. E. Dargie, M. J. Keller, F. A. Leach, V. D. Moody, F. K. Shattuck, O. E. Hotchkiss, M. J. Laymance, F. J. Moffitt, C. D. Pierce, J. S. White, E. W. Woodward; Secretary, C. M. Plumb.

# OAKLAND HOSPITAL and HOTEL FOR INVALIDS.

**E. H. WOOLSEY, M. D., SURGEON AND PHYSICIAN-IN-CHIEF.**

Twelfth Street, bet. Madison and Jackson Sts.

**OAKLAND, CAL.**

This institution is healthfully, pleasantly and conveniently located, occupying an entire block, in a quiet neighborhood, surrounded by elegant private residences; and yet within four blocks of the Central Pacific and Narrow Gauge Railroads, and accessible to their stations by the Brooklyn street cars.

The sewerage facilities are perfect. The wards and private rooms are large, sunny, well ventilated and appropriately furnished.

The building exteriorly is shown in the above cut, together with its attractive grounds; interiorly the woodwork is of solid and carved walnut, the mantels of purest Italian marble and design, and the walls decorated with exquisite frescoes.

The hospital section, comprising Surgical, Medical and Convalescent Wards, is separated from the section for Invalids, each department being provided with special corridors, bath rooms, electrical appliances, Dr. Louis Weigerts' hot air treatment to diseases of the lungs, etc. etc.

Steam Medicated and Electric Baths, and all the appointments of a first-class general Hospital, and all the requirements, conveniences and comfort of a Private Home for Invalids, are here provided.

The Matron is an experienced nurse, and the nurses and attendants (male and female) are well trained and reliable.

## TERMS (INVARIABLY IN ADVANCE:)

<b>In Wards</b>	<b>\$15 per week.</b>
<b>In Private Rooms</b>	<b>\$25 to 40 " "</b>
<b>Two Persons in Room, each</b>	<b>\$18 to 20 " "</b>

## NO EXTRA CHARGES.

In confinement cases an additional fee of \$25 will be charged.

Patients in private rooms desiring special nurses in constant attendance will be charged \$2.50 per day extra. Board for friends of patients \$7.00 per week.

Physicians in good standing will be allowed to maintain and treat private patients in this institution.

PACIFIC

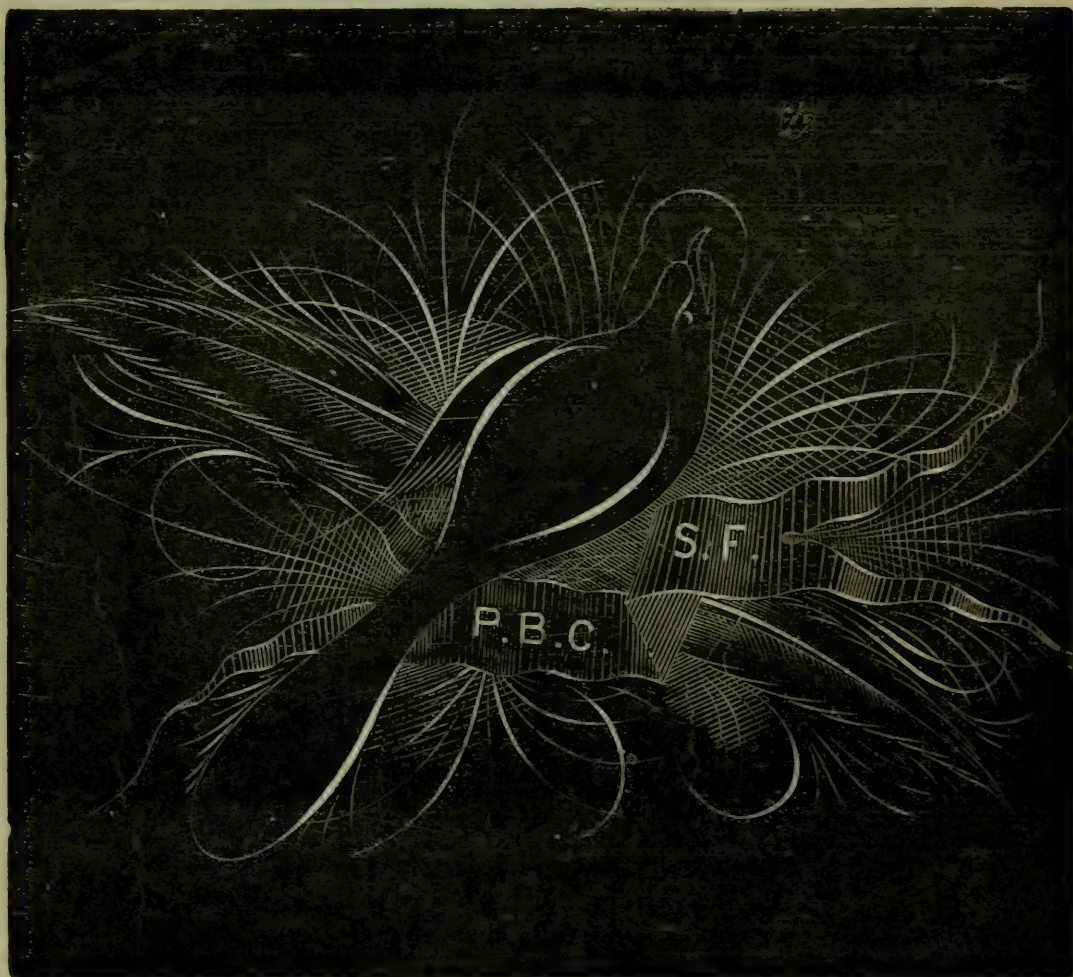

# BUSINESS COLLEGE

320 POST STREET,  
Red Men's Building, Opp. Union Square,  
SAN FRANCISCO, CAL.

THE design of this School is to prepare its students for the practical duties of life. Since its organization in 1863, it has qualified a very large number of persons for a prosperous career in business pursuits. Its successful work may well entitle it to be ranked as

## THE MODEL COMMERCIAL SCHOOL.

The PACIFIC BUSINESS COLLEGE has its graduates employed in the leading business houses of the entire Coast. The Institution supplies Mercantile Houses, Insurance Agencies, Banks, Railroad and Telegraph Offices, etc., with Book-keepers, Stenographers, Cashiers, Bank Tellers, Telegraph Operators, Clerks, Agents, etc., who invariably prove themselves to be fully qualified for the responsible positions which they occupy.

## BRANCHES TAUGHT.

Single and Double Entry Book-keeping, as applied to all classes of business; Shorthand, Type-writing, Telegraphy, Business Penmanship, Commercial Arithmetic, Business Correspondence, Mercantile Law, Business Ethics, Science of Accounts, Actual Business Practice in all styles of Keeping Accounts, including Banking; English and Mathematical Branches, including Spelling, Reading, Penmanship, Grammar, Letter-writing, Word Analysis, Rhetoric, History, Philosophy, Arithmetic, Algebra, Geometry, Trigonometry, Surveying, Navigation, etc., and the Modern Languages.

## ACTUAL BUSINESS TRAINING.

Our system of Actual Business Training, combining Theory and Practice, is at once so simple and natural that it needs only an examination of its merits to convince the most skeptical of its superiority over all other systems. No person of ordinary intelligence and application can go through such a course of training without becoming a thorough and practical accountant. Many of the most successful and influential business and professional men of the City and Coast may be numbered among our graduates.

## LIFE SCHOLARSHIP, \$75.

This is the only Business College in the State that issues Life Scholarships. As carried out at this Institution, they offer many advantages. A Life Scholarship entitles the holder to instruction in all the branches of the Full Business Course, as given in the "COLLEGE REVIEW," until he graduates, with the privilege of review whenever it may suit his convenience. We also issue Six Months' Scholarships for any or all the studies of the College at very reasonable rates. Students may pay by the month if they so desire.

## INDIVIDUAL INSTRUCTION.

Individual instruction is given in all departments of the College. In the Business Course the class system is entirely discarded, except for lectures, general reviews, and practical exercises on the black-board. Thus each student receives all the advantages of private instruction, and is enabled to advance as rapidly as his ability and application will permit.

## THE COLLEGE HALLS.

In all respects we have the finest school-rooms on this Coast. They are large, well ventilated, elegantly furnished, and command a splendid view of the City and its environs. Every apartment has a sunny exposure, and is flooded with light and with fresh, pure air. The ceilings are sixteen and a half feet in height; and the several rooms have thirty large windows, furnished with inside blinds.

## NO VACATIONS.

We have no vacations and no term divisions. Day and Evening Sessions are held during the entire year. Day Sessions from 9 A. M. to 12 M., and from 1:30 to 4 P. M.; Evening Sessions from 7 to 9 P. M. Students may commence at any time and pursue their studies without interruption.

For further information call at the College Office, 320 Post Street, or send for "THE PACIFIC BUSINESS COLLEGE REVIEW," containing full particulars in regard to College Departments, Courses of Study, Methods of Instruction, Rates of Tuition, etc. Visitors always welcome.

**T**HE BUSINESS COURSE will include Book-keeping in all its forms, by both single and double entry, comprising practical work in Banking, Jobbing, Importing, Commission, Railroading, Brokerage, etc.; Arithmetic, including abbreviated forms of commercial calculations in use by good accountants; Penmanship, with complete analysis and movement exercises; Correspondence, comprising all the different forms, with rules for use of Capital letters and punctuation; Mercantile Law, with lectures on all the important topics; English branches, including spelling, grammar, composition exercises, rhetoric, etc.; French, German and Spanish; Drawing, in its various forms; Business forms of every variety; actual practice in all kinds of business; Lectures on Book-keeping, Penmanship, Short-Hand, Telegraphy, Type-Writing, Business Customs, Political Economy, and various other topics calculated to impart to the pupil habits of industry, promptness in business affairs, and reliability of character.

Ladies are admitted into all the departments of the College on the same terms and conditions as young men. Their progress in all branches thus far has been most flattering.

Pupils can enter the College at any time and pursue their studies to graduation, without interruption. Those not sufficiently advanced for the Business Course can enter for instruction in the English Department.

Modern Languages and Drawing may be taken or not, but no extra charge will be made for them when pursued.

The discipline of the school is very thorough, in order to instill such habits as shall conduce to the future success of graduates.

Visitors will always be welcome at the College, as we are pleased to have the public inform itself of the merits of our school.

## ALAMEDA.

---

THE CITY OF ALAMEDA has about 11,300 inhabitants; is located, we may say, on an island four miles in length and one mile in breadth, and is traversed by two steam railroads a quarter of a mile apart. Its climate is much better than that of San Francisco, only a few miles away. The fogs so common in the latter city, owing to the formation of the hills, pass to the North and South of Alameda, following the mountains north of Oakland and the hills south of San Francisco. The soil is a sandy loam and produces fruits and flowers of all kinds.

The streets are broad, ranging from sixty to one hundred feet. During the past year about twenty-six miles of streets have been graded and macadamized at a cost of \$164,600, and nearly as much more is now under contract; also thirty miles of artificial stone sidewalk has been laid, and improvements are still being rapidly made.

The system of sewerage is the best ever devised. Central avenue extends the full length of the city, and follows its greatest elevation, or an altitude of about thirty feet above sea level, which gives a splendid fall for drainage on each side, in a distance of half a mile to the north or south. There is an intercepting sewer on each side of the city, which is flushed by the tide every twenty-four hours. Forty miles of sewers are in the streets and avenues, and no city in the State is as well located for drainage, and none so well provided with sewers.

The town is lighted by eighty-five electric lights mounted on towers and masts, aggregating 200,000 candle power; this, with the plant and machinery, is owned by the city.

The public schools of Alameda consist of one High School, three Grammar Schools, two Primary Schools and one

Rooms. 16, 17, 18. Office Hours: 9-12 A. M., and 1-5 P. M.

ungraded school, with an enrollment of more than 2,000 pupils. The schools rank very high in educational circles, and the High School is an approved school, whose graduates enter the University upon the recommendation of its principal.

There are two post-offices within the limits of the city, and the free delivery system is also under consideration by the post-office authorities.

There are two papers published in Alameda: The *Encinal*, weekly, which has been published for twenty-one years, and the *Argus*, semi-weekly, now in its twelfth year.

Numerous churches and fraternal organizations have been established, and are in a flourishing condition.

# BERKELEY.

BERKELEY lies on the eastern shore of San Francisco Bay, about five miles north of Oakland and facing the Golden Gate. It has about two miles of water front upon the bay and extends eastward and inland about three and one-half miles, to the tops of the first range of mountains. It was organized under a special town charter in 1878. East Berkeley, comprising the east two-thirds of the town, is the seat of the State University, and contains numerous private schools besides one of the best public schools in the State, from which students enter the University without further examination. The town is lighted by electricity; has a complete sewer system; a large hotel, costing \$80,000; the streets are being macadamized, and it is a thriving and growing town. The present population is about 5,000.

## TOWN GOVERNMENT.

TRUSTEES—Walter M. Heywood, President; C. R. Lord, J. W. Morrison, Thos. Landregan, J. L. Schothler

SCHOOL DIRECTORS—W. R. Andrews, President; J. S. Eastman, W. C. Jones, J. B. Henley, C. Johnson, Philip Teare.

Marshal—Jos. Chappie.

Treasurer—Thos. Hann.

Assessor—Geo. Schmidt.

Clerk—O. H. Spear.

Justices of the Peace—J. R. Little, Richard Lloyd.

Constables—A. F. Fonzo, W. McVay.

## UNIVERSITY OF CALIFORNIA.

The University was instituted by a law which received the the approval of the Governor, March 23, 1868. Instruction was begun in Oakland in the autumn of 1869. The commencement exercises of 1873 were held

**PARKE & LACY CO.** Wood & Iron Working Machinery,  
 21 & 23 Fremont St., San Francisco.

at Berkeley, July 16, when the University was formally transferred to its permanent home. Instruction began at Berkeley in the autumn of 1873.

The College of California, which had been organized several years before the University, transferred its property and students upon terms which were mutually agreed upon, and closed its work of instruction in 1869. It had been incorporated in 1855, and through its agency a part of the Oakland property of the University, and the Berkeley site now owned and occupied by the latter, were secured.

The site at Berkeley is a domain of about two hundred acres, situated on the slope of the Contra Costa hills, about five miles from Oakland, facing the Golden Gate. It is traversed by two water-courses, is much diversified in aspect, and is adapted to a great variety of culture. A portion of it is reserved to illustrate the work in agriculture and horticulture, and is now under cultivation. The undergraduate colleges were the only ones actually included in the original organization, although the organic act contemplated the establishment of colleges of law and medicine at Berkeley. The professional Colleges at San Francisco have been added from time to time. The Lick Observatory was formally transferred to the University in June, 1888.

**Academic Year Commenced September 19, 1889.**
